

**Multipurpose Collaborative Bodies**  
**P.A. 529 2002**  
**Section 517(4)(1)**

*Plan Development /Approval:*

Initially: (FY 97-99)

- MPCB's were required to designate a Stakeholder Workgroup, chaired by a CPS staff and a parent, and other suggested members, to develop a three-year plan. The plan was to be coordinated with the SF/SC five-year community plan and other community plans (such as Children's Trust Fund ).
- An inter-agency workgroup reviewed and approved each plan.

Currently: (FY 00-03)

- Local FIAs either utilize internal services or contracted services for CP/CP programming.
- Each local MPCB serves as a "clearinghouse" to ensure that all local services funded by CP/CP are in compliance with the establish Community Plan for Families and Children. Each of these services is signed-off by the MPCB thereby endorsing that compliance.
